

MAG 24 03 Light Vehicles Tender: Questions & Clarifications

Question 14/06/2024.

1. Upon reviewing both the quotation requirement and the supplier registration questionnaire, I have noticed inconsistencies in the technical specifications provided for Lots 2 through 5. It is imperative for us to ensure that all technical details align accurately to proceed with the evaluation process effectively. Furthermore, I would like to draw attention to an additional concern regarding Lot 6. While Lot 6 is listed in the quotation questionnaire, it is entirely omitted from the supplier registration questionnaire. To facilitate a thorough and fair assessment of the tender submissions, I kindly request clarification on the following points:
2. Confirmation of the technical specifications for Lots 2 through 5, ensuring alignment between the quotation requirement and the supplier registration questionnaire.
3. Clarification regarding the inclusion or exclusion of Lot 6 in the tender, as listed in the quotation questionnaire but absent from the supplier registration questionnaire.
4. Would you be able to send me the questionnaires as editable documents so that I can edit and save them online?
5. File **Supplier Registration Questionnaire** with annexes should be submitted before 19.07.2024, correct? It will undergo a separate evaluation process. If we understand correctly, by what date it should be submitted?

Answer

- 1) The Supplier Registration Questionnaire Section 16 had incorrect LOT descriptions and showed 5 LOTs. This has now been corrected to show 6 LOTs with the same descriptions of the LOTs as per the Pricing Documents. The descriptions in all 6 Pricing Documents LOTs 1-6 are now correct.
- 2) There are 6 LOTs in total in MAG 24 03 Light Vehicle Tender.
- 3) Supplier Registration Questionnaire document has been corrected and uploaded on web site with incorrect document removed.
- 4) Yes, the questionnaires have now been added to the tender pack in their word document formats.

MAG 24 03 Light Vehicles Tender: Questions & Clarifications

- 5) The supplier registration questionnaire must be submitted before 19/07/2024 along with all the other parts of the bid submission.
